Subject: Seeking the nomination of top-notch faculty of H.P. Board Schools for FPAT 2017

Respected Sir,

A mere 60 days ago, marking the National Technology Day on May 11th, 2017, a coveted community of Futuristic School Boards of India was felicitated at India International Centre, New Delhi

This felicitation was just the end of a grand beginning to further the narrative of **Futuristic School Boards of India** through a wide spectrum of innovative & enriching engagements of which **Faculty Proficiency Assessment Test (FPAT)** tends to identify the futuristic faculty members from the nook and cranny of the country.

Futuristic Schools of India have to be spearheaded by Forward Looking, Fully Empowered Futuristic Faculty Members. Faculty Proficiency Assessment Test [FPAT] ([www.rethinkindia.in/fpat](http://www.rethinkindia.in/fpat)) is thereby a humble initiative from the house of ReTHINK INDIA which intends to identify & celebrate the Futuristic Faculty Members across the nook and cranny of India.

FPAT is an ode to the Teaching Fraternity of India - the fifth estate - which has kept the incessant spirit of this ancient civilization intact, anchored duly to its civilizational values & virtues and focused perpetually to the vision of her vast milieu of sages & scholars of all hues, even amidst the worst of the vicissitudes. At a time when the Indian spirit is trying hard to usher a New India, the role of these educators get all the more profound & pertinent which needs to be celebrated by all means, in all forms of which FPAT happens to be one of the most permeating platforms.

FPAT for K-12 Educators centers around the following 12 thematic areas which shall be given 15 minutes each during the assessment. It would be more of an open book assessment whereby the assesses would be free to browse through the internet for fact and figures. The well enriched perspectives of the nominated faculty members would be the objective of this assessment which shall be evaluated by at least 3 scholars & academics from different parts of the Globe to fill in the evaluation matrix.

### Assessment Areas

1. Understanding of the Context of Education including sensitivity to the Locale
2. Ability to Comprehend and Link Educational Delivery with Contemporary Global Undercurrents
3. Appreciation of the domain of Creative Thinking & its multi-faceted nuances
4. Capacity to appreciate & undertake Research
5. Identify areas of Innovation & ability to induce them in young minds
6. Proficiency to Delineate Entrepreneurship & Ability to Nurture an entrepreneurial mindset
7. Commitment & Capability towards Mentoring as a classical instrument of adaptive personalized learning
8. Inclination to Indoctrinate Sports as an essential component of teaching-learning process
9. Intellectual capacity for Interdisciplinary Learning
10. Ability to Design & Deploy Futuristic Technological Aides in Education
11. Essential Elements of Cyber Safety for School Going Kids
12. Adroitness in adapting to a blended mode of learning

FPAT shall be held at various Online Centres Across India marking the Teachers' Day on Tuesday September 5th, 2017. The Top Scorers of FPAT shall be felicitated on National Education Day, November 11th, 2017 at New Delhi.

H.P. Board of School Education can consider nominating top-notch faculty member(s) from each of the districts of Himachal Pradesh for FPAT 2017 to provide them a platform to stand out in this first of its kind national assessment of faculty proficiency.

with best regards  
sincerely
