Subject: - Regarding constituting of school road safety committee

Sir,

With reference to the subject matter cited above, it is intimated that many private and Govt. schools of this district are situated on the road side and it is often noticed that students often have to cross roads, especially during the opening and closing time of schools. With heavy traffic flow on the roads and no supervision at school gates, this situation may lead to some untoward incident in future.

Keeping in view of the seriousness of this matter, it is necessary to take some proactive steps by the concerned school authorities so that safety of students is ensured. Therefore, you are requested to direct the principals and head masters of these schools to take following steps immediately:

1. Constitute a school road safety committee comprising of suitable number of teachers, who shall keep close watch on the movement of students on the road every day, especially during opening and closing time of the school.
2. List of this Road Safety Committee should be shared with local police station.
3. Install adequate number of CCTV cameras around the school campus to ensure constant surveillance.
4. Appoint Security Guards in the school premises to ensure safety and security of students and school property. Credentials of these security guards should be duly verified by the police.

5. While transporting children to and from the schools it should be ensured that various directions from Government of Himachal Pradesh and Hon'ble High Court of Himachal Pradesh are diligently followed.

You are accordingly requested to ensure these directions are shared with quarters concerned with intimation to the undersigned.

Yours faithfully,

ARJIT SEN THAKUR
