Subject: - **Road Safety campaign-Awareness through educational Institution-Meeting thereof.**

Memo:

It is a matter of great concern that over 11,000 people have died in road accident in past 10 years in H.P. out of these many were children below 16 years of age. The Road Safety Education aims to reduce the risk of injury and death to children and young people from road trauma and to lay the foundations for safe road use throughout life. It encourages and supports the role that parents and teachers play in helping their children to be safe road users and to learn about road safety. It seeks to develop the behaviours and attitudes for safe road use relevant to the development of children and young people as passengers, pedestrians, cyclists and as novice drivers. Education can play a vital role in protecting children and stopping devastating casualties by teaching life-saving messages to students, and promoting road safety more widely such as to parents and drivers in the area. Keeping in view all the road safety issues and as per the decisions taken in the meeting held on 08/07/2019 in the office chamber of Director Transport you are hereby directed to issue the instructions as under amongst all the educational institutions under your jurisdiction:-

- Appoint a Nodal Officer in every School for classes 9<sup>th</sup> to 12<sup>th</sup> and it will be better if teachers voluntarily gives their names for being nodal officer (preferably from NSS/NCC/Scouts & Guides/PETs/DPEs)
- Teachers will be trained by Transport Department for one or two days at District Headquarter Level.
- Trained Teacher will be master trainer and will give one lecture in each class monthly.
