Sub:

Usage of ICT labs in r/o ICT@Schools Scheme Phase-II-reg.

Memo:

It has come to the notice of the undersigned that infrastructure provided under ICT Phase-II Project is not being optimally used by the schools as per quarterly monitoring report of State Project Office (ISSE). The department has already issued instructions regarding the best possible utilization of Smart Class rooms and ICT Labs in each school throughout the day so as to facilitate students with modern day technology teaching learning process. It has also been directed time and again that no hardware/equipment/software/services should remain nonfunctional/unutilized in these schools.

Keeping in view of above, now it has been decided that usage of e-content will be monitored by State Project Office (ISSE) on monthly basis from July, 2019 onwards. Therefore, it will be compulsory for all school heads to ensure teaching with the help of K-Yan for at least 15 hours per week and sync both K-Yans by 05th day of month for every preceding calendar month at school level by connecting them with internet connection.

You are, therefore, directed to inform all school heads under your jurisdiction to sync K-Yans w.e.f. 01st August, 2019 and for this activity they may contact representatives of implementing agency i.e. IL&FS ETS for technical assistance, if any. Non-adherence of these orders will be viewed strictly and appropriate suitable action will be initiated against the defaulters.
