

Message

This office is pleased to know that Govt/Pvt SSS/HS _____ is going to publish its maiden/____ edition of school magazine titled _____. Principal and staff members deserve appreciation for the efforts being made in providing the students a platform to express their thoughts , emotions , plans , aims and objectives of life through writing . We know that best habits of human beings are formed at different stages and those in turn shape individuals' lives. A student is a raw material at the time of joining any institution. And he/she not only forms his / her habits and values of life while studying at school , but also longs for meeting/finding his/her role model. Generally this individual is none other than his/her teacher .Therefore here starts the role of a teacher. A student thus cherishes the impression created by a teacher in his/her psyche throughout the life . As is said, " Old habits die hard and bad habits die harder." In this context teacher and taught are bound to be inseparable.

As the school magazine is the mirror of the school documenting activities being carried out throughout the session in the school. I felicitate school management/Principal for the efforts being made by them in improving academic standard of the students with their all round development

B.R.Dhiman

Deputy Director Higher Education Una
