7<sup>th</sup> August, 2017

*Dear Pharkha,*

This relates to translation of Learning Outcomes document and their inclusion in the State rules of RTE Act. Please refer to my earlier communication dated 21<sup>st</sup> March, 2017 informing that the Learning Outcomes have been incorporated in the Central Rules to the RTE Act 2009 by amending Section 23(2) of the Rules.

2. We have circulated soft copy of the Learning Outcomes Document and Posters on Learning Outcomes for various classes. You were requested to translate the Learning Outcomes document and posters in your regional language and print the same for further circulation to the schools. It was also requested to display the Posters on the walls and boards of the Schools before 30<sup>th</sup> August, 2017. NCERT in association with State SCERTs has already translated the learning outcomes document in regional languages.

3. However, it has come to the notice of this Department that the process of printing of the Learning Outcomes document and making it available to all teachers and the display of posters in Schools in the States and UTs has been slow, primarily due to lack of coordination between SCERTs and State SSA Project.

4. Keeping in view the increased focus on Quality of education, this initiative of MHRD would ensure that all children acquire age appropriate learning levels. It is also brought to your notice that MHRD will be conducting a National Assessment Survey based on Learning Outcomes in all States/UTs in October, 2017. It is imperative therefore that it percolates down till the last school before the survey. Therefore, you are requested to direct the State Education Secretaries for proper and timely implementation of Learning Outcomes by making the regional version of Learning Outcomes available to all and display of posters in all Schools.
