All Districts, Himachal Pradesh

Subject: - Extension of last date for receiving nomination under AI Readiness Program - reg.

Respected Sir,

The DST- Intel collaborative program "Building AI Readiness among young innovators", an Artificial Intelligence related program, was launched on the National Science Day 2022. The students selected under INSPIRE, MANAK, and studying in class 6-10 are eligible to participate under this program.

The registration under this program were made open from 1<sup>st</sup> March 2022 and last date for receiving nomination was 30<sup>th</sup> April, 2022. However, so far, the number of nominations received from Districts are not very encouraging.

Considering the requests received from various Districts for extending the last date of nomination under this program, it has been decided to extend the last date by month i.e. from 30<sup>th</sup> April 2022 to 31<sup>st</sup> May 2022.

You are requested to instruct the District Nodal Officers handling MANAK program of your District to diligently make use of the extension period and make all possible efforts to enhance the number of nominations from their respective Districts and schools under this program. I am also sharing the list of students who are enrolled under INSPIRE awards - MANAK scheme. With reference to this list schools can instruct all the enrolled students to register, upload their ideas in stipulated time period, so that we can enhance the number of nominations from our state.

With regards

  
State Nodal Officer  
INSPIRE Award MANAK  
SCERT Solan, H.P.
