Sub.: World Robot Olympiad India – India's largest Robotics Competition for
Schools – Participation of Schools from Himachal Pradesh

Dear Sir,

We are pleased to bring to your notice that registration for the 14th World Robot Olympiad India are now open. Schools can now register their teams at www.wroindia.org and can participate in India's largest Robotics Competition. We are organizing WRO in India jointly with National Council of Science Museums (NCSM), Ministry of Culture, Govt. of India and is supported by Department of Science and Technology, Govt. of India.

The theme for the current year is Sustainability and Renewable Energy. Teams consisting of 2-3 students can register to participate in the competition. The teams would need access to the official Robotics kit that needs to be procured by the schools on their own. Registration fee also applies for each participating team.

In order to make it convenient for the teams for participate, regional competitions will be held in several cities across India. Details can be obtained from the competition website. Qualifying teams would then be eligible for participation in the National Championship and eventually to the WRO International which will be held in Costa Rica.

World Robot Olympiad is a festival for celebrating the fun and excitement of science, technology and education which brings together young people all over the world to showcase their creativity and problem solving skills through challenging and educational robotics competitions. It has been organized globally since 2004 and more than 50 countries are the participating members of this competition.

You are requested to kindly share this information with all schools under your affiliation for awareness and participation in this amazing program in line with the information shared by CBSE to all their schools. CBSE circular is enclosed for reference.

Thank you,
For India STEM Foundation
