Dated 17-05-2024

Dear Jatin

I am writing to bring to your attention an important initiative in the realm of Ayushman Bharat- School Health & Wellness Programme being implemented across the state to strengthen the preventive and promotive aspects of adolescents through health promotion activities at school level. All the Government Middle, High and Senior Secondary Schools in the state have been covered under this initiative and two Nodal Teachers per school were selected and trained as Health & Wellness Ambassador (HWA) to conduct weekly one hour session in their respective schools to generate awareness amongst school going children.

As per GOI Operational Guidelines, a District Level Coordination Committee (DLCC) has been constituted in each district to strengthen the implementation of this programme. Bi-annual meeting of DLCC are to be conducted under the Chairmanship of Deputy Commissioner of each district to monitor the implementation, challenges and opportunities of this programme and resolve programme related issues at district level.

You are, therefore, requested to timely review the implementation of this programme through DLCC and provide your guidance and support accordingly. Together, we can make significant strides towards achieving our shared goal of ensuring adolescent health.

Respectfully

C. Paulrasu
(C. Paulrasu)
